ADA, OKLAHOMA, FRIDAY EVENING, JUNE 18, 1909

NUMBER 71

DEMOCRATS FIRM ON INCOME TAX

WILL STAND BY MEASURE TO THE LAST DITCH.

PLAYING POLITICS WITH TAFT

Claimed Senator Bourne, Personal Friend, Paved Way for Message Desired by Aldrich.

Washington, June 17.—The democrats, after a two hours' conference this afternoon, decided to stand by the pending amendment for an income tax as long as there is a chance for its adoption. After that, they will be ready, as far as can be learned, to vote in favor of the proposed joint resolution for a constitutional amendment and also for a tax on the net earnings of corporations.

This is practically the position of the progressive republicans though their disappointment over the presidential intervention in behalf of the senate organization in the income tax matter has prevented them so far from seeing anything good in the corporation tax issue.

Aldrich's Probable Tactics.

The fight may not come on the main issue but it is probable that Senator Aldrich may again move to postpone the vote until all of the schedules are out of the way. If this course is not taken, it is expected that the senate finance committee will offer President Taft's suggestion of a corporation tax as substitute for the income tax amendment, and on this motion to substitute the democrats and as many progressives as can be mustered will vote no. Should this coalition be defeated, it is expected that both democrats and progressives

will vote for the corporation tax as well as for the joint resolution submitting a constitutional amendment. The majority by which Senator Aldrich is expected to put through his program, should the matter be voted on at this time, is variously estimated at between three and five votes.

That this matter could not be disposed of tomorrow is obvious. The details of the corporation tax provision are not yet known, but it is evident that a long and warm debate will center around efforts that are certain to be made to amend whatever proposal Senator Aldrich may offer. The democrats expect to make some capital out of the fight on the kind of corporation tax which the republican senate leaders will present. Even the proposed constitutional amendment has been threatened with an amendment that is intended to remove the constitutional doubt as to the power of congress to levy not only a direct tax on incomes, but also to levy a graduated tax. The whole question, especially that of levying a tax on the net earnings of corporations with the incidental feature of giving the government access to the financial status of corporations, is fraught with vast possibilities of controversy, and the belief still holds in conservative circles that the new issues raised will consume several days in their disposition.

How Taft Was Reached.

A story that is being told by the Senators as to how President Taft came to send his message on the corporation tax and the proposed constitutional amendment throws an interesting light on the methods of Senator Aldrich. According to this story, Senator Aldrich did not approach President Taft direct on this matter, but availed himself of the services of Senator Bourne of Oregon. The Oregon Senator is a steady companion of President Taft on the golf links, and it is said that during a game a few days ago Senator Bourne suggested to the president that the party, being all torn up over the income tax, and there being a possibility of the insurgents defeating through a coalition with democrats the senate organization, it would be a great thing if the president should step in and by harmonizing the elements assert his leadership of the party. He outlined the plan of offering a corporation tax and a constitutional amendment. It is said that a discussion of the subject on the links left an impression on Senator Bourne that the president was inclined at least to consider the suggestion seriously and he so reported to Senator Aldrich. The following morning Senator Aldrich called at the White House, and when the question came up in the course of the conversation he took to the idea so adroitly as to leave no suspicion that he was a party or the instigator of Senator Bourne's suggestion. The message followed.

Mr. Cummin's Courtesy.

Senator Cummins and other income taxers allege that early in the session they went to Mr Taft and disclosed to him their intentions of offering an income tax when the tariff bill reached the senate. They say that they asked Mr. Taft if such a move on their part would embarrass him, and whether he would prefer them to wait until the regular session next December to begin their agitation. They all know that Mr. Taft had said at Cincinnati on July 23 last:

"In my judgment an amendment to the constitution for an income tax is not necessary."

The report of Senator Cummins and his associates is that Mr. Taft told them to go ahead and introduce their income tax amendment at this session; that their action would not embarrass him. Upon this they acted, and so successfully did they conduct their case that it seemed at one time as if they had won over a majority of the senate to the support of an income tax amendment.

Tom Thumb Wedding.

This popular play will be put on at the Airdome Friday evening at 8:30 by a company of 100 Ada children for the benefit of the Baptist Ladies' Aid. 15c, 25c and 35c. Check your seats at Ramsey's.

TWO STATE BOARDS IN A DEADLOCK

SCHOOL BUILDING CONTROVERSY REMAINS UNSETTLED.

Board of Normal Regents and Board of Public Affairs Contend for Their Rights.

Guthrie, Okla., June 17.—A joint meeting of the state board of normal regents and the state board of public affairs in the office of E. D. Cameron, state superintendent of public instruction failed to bring about a settlement of the controversy between the two boards as to the method to be pursued in the construction of the new buildings for the various state normal schools.

The normal regents at the close of the conference announced that it would stand pat in its avowed intention of adopting plans and specifications for the erecting of the buildings for the Southeastern Normal school at Ada and the South Central Normal school at Durant. The board supervision with the board of public will also insist on exercising a joint affairs over the construction of the buildings and accepting them from the hands of the architects and contractors when completed.

The board of public affairs on the other hand declares that it should have exclusive control over the construction of these buildings and states that while the normal regents may go ahead and adopt plans and specifications and employ an architect, it will reserve the right to accept or reject these plans and to adopt the plans and specifications of the state architect, Patrick Weathers of Guthrie, who has been employed by the state board of public affairs.

Members of the board of normal regents declare that since the laws establishing the new normals and making appropriation for buildings shall be expended under their direction and in view of the fact that State auditor M. E. Trapp has announced that he will issue no vouchers that are not approved by the department out of whose funds the money is being expended, they will reserve the right to exercise at least a joint control over the construction of the buildings and the discretion of seeing that buildings suited for educational purposes are erected.

A member of the normal board stated today that the state board of agricultural and industrial education, which has the location of the four secondary schools of agriculture to be established and the board in charge of the Girls' Industrial school at Chickasha will probably take position similar to that of the normal regents, although neither of these boards have met and determined officially upon a course of action.

REPUBLICANS FOR HASKELL.

Admit That He Has Been Unjustly Persecuted.

Guthrie, June 16.—Congressman Charles D. Carter of Ardmore says that the persecution of Governor Haskell is condemned in Washington, not only by the democrats, but by most of the republicans. Mr. Carter quotes Congressman Norris, republican member from Nebraska, a great admirer of Governor Haskell, as saying: "I have watched the governor's career from the beginning of the constitutional convention. I agree with much of the work. I was completely carried away with his speech in the democratic national convention arraigning the McGuffey Standard Oil crowd and firing them out of the convention. It was bold and manly and fearless, but the result is just as I feared then. They are all powerful and never quit pursuing those whom, like Governor Haskell, fearlessly oppose them. Time will demonstrate that it is their power and influence that has pursued and annoyed Haskell ever since. Their shrewd methods may cover their hand so that even the president may not know it, but sure as you live they are responsible for the fight on Haskell, who is one of the few public men who has courage to openly fight them, and, republican, though I am, I hope Haskell will win."

EXPRESS COMPANIES ENFORCING THE LAW

AMERICAN EXPRESS COMPANY WILL DELIVER NO MORE BOOZE.

Said to Be to Avoid Necessity of Furnishing Report on Federal Licenses.

Oklahoma City, June 18.—Officials of the local office of the American Express company will henceforth decline to deliver to any person any shipments of spirituous, vinous or malt liquors now in possession or that may come into possession of that company. A number of consignments have already been returned to Louisville and other liquor distributing points with the company's polite refusal to deliver the goods to destinations.

The company is obeying a general order sent to all agents of Oklahoma signed by F. D. Adams, general superintendent of the American Express company, and was made pursuant to an order from Fred B. Caldwell, law enforcement attorney of Oklahoma City to Governor Haskell. The order particularly refers to interstate shipments, as the laws of Oklahoma already prohibit the transportation of liquors between points in the state. It is supposed that the American company prefers to refuse the delivery of all shipments rather than be responsible for a true and correct report of the some 1,200 holders of government licenses in the state.

This is the first result of the work of the state enforcement attorney, Fred S. Caldwell, to stamp out whiskey traffic in Oklahoma by checking importation.

Several weeks ago he forwarded to all railroads and transportation companies a list of the persons in Oklahoma who had a federal revenue was considered prima facie evidence license to sell whiskey. He informed the transportation companies that if of an intention to violate the Oklahoma laws against the sale of alcoholic drinks, for a person in the state, who held such a federal license, to receive a shipment of liquor, and expressed his intention in the event the carrying companies did not cease delivery to these persons they would be prosecuted as accomplices.

There is considerable talk among the prohibitionists and enforcement attorneys of urging the next legislature to pass a law allowing the vindication of a right to do business in Oklahoma of all carrying companies who deliver illegal liquors to Oklahoma consignees.

COMET WITH LONG TAIL.

Strange Phenomena Attracting the Attention of Astronomers.

New York, June 17.—Two interesting and rarer astronomical phenomena took place this evening. The moon eclipsed four-fifths of the sun at two minutes after 7 o'clock in the vicinity of New York and three hours later the tail at least of Brooks' wonderful comet came into plain view.

According to Edwin F. Nauty, an astronomer, who observed the comet only an hour or so after it was discovered by Prof. Brooks on May 23, last, the tail of this comet, which is said to be 200,000,000 miles long, illuminated the Southeastern sky between 9 and 11 o'clock.

So far the head has not been seen and it is causing the liveliest discussion among astronomers and others. The eclipse of the sun which will not occur again until 1918, was visible as far West as the Central States and along the entire Atlantic coast.

On account of cloudy weather here astronomers, professional and amateur, were unable tonight to get a view of the promised eclipse of the sun or of the tail of the comet.

The eclipse was announced for 7:02 o'clock, but rain began a few minutes before that time. Preparations were made at the Naval Observatory at Washington to obtain a view of the eclipse, but the meteorological conditions spoiled the plans.

"Entered as Second Class matter,
March 26, 1904, at the Postoffice at
Ada, Okla., under the Act of Con-
gress of March 3, 1879."

RESOLUTION OF THE FEDERATION OF LABOR

On a motion made by G. S. Boyd
and seconded by Marion Moore, it
was voted and carried as follows by
the American Federation of Labor in
call meeting on the 17th day of June,
1909.

That, whereas there has been a
great amount of talk of late in re-
gard to the difference between the
Oklahoma Portland Cement plant of
Ada, Okla., and the union labor of
this place it seems best that we put
our selves on record in the matter
and make known to the public what
our views on the matter is, be it
therefore resolved:

(1) That as a union we have
nothing against the said Cement
Plant; we have not asked the said

Plant for an advance in our wages.

(2) Be it further resolved, that
we hold nothing against the manag-
ers of the said plant, that we hold
them in esteem as good law abiding
men and good managers of their bus-
iness.

(3) Be it further resolved that as
a union we do not exact of them that
they employ union labor, but we do
ask that they discharge no man
singly because he belongs to this or
any other labor union, but that they
will not refuse to employ because
they belong to any union of laborers;
Be it further resolved, that we have
only the kindest feelings towards the
said plant, knowing its value to the
town of Ada, and the people at large.

(4) Be it further resolved, that we
as a union hold ourselves ready to
work for the said Cement plant at
any moment they may be in need of
men and that we will not support or
protect any man or set of men that
will not do his work well and dis-
charge every duty incumbent upon
him as a laborer; be it further re-
solved, that a copy of this resolution
be furnished the Ada Daily News for
publication and that a copy be
spread upon the minutes of this
union.
A. A. WALKER, Pres.
MARION MOORE, Sec'y.

Will Build Ada's State Normal—The State Board of Affairs Has so Declared.

Guthrie, Okla., June 18.—The
board of affairs today adopted a rule
that union labor shall be used in
the construction of all new state
buildings as far as possible and all
contractors will sign contracts con-
taining a stipulation to that effect.
The board also adopted a new rule
in the purchase of supplies to the
effect that where the price is the
same, freight and all things con-
sidered, all supplies will be purchas-
ed within the state.

OKLAHOMA SCHOOL LAND SALE TO BE STARTED

IMMEDIATE ARRANGEMENTS TO BE MADE FOR DISPOSAL.

First Offering to Comprise Over
Million Acres in West, Northwest
and Southwest Parts.

Guthrie, Okla., June 17.—The State
School Land Commission today in-
structed the School Land Department
to immediately make arrangements
for sale of a large amount of the
state's school lands under authority
of an act of the last legislature,
which became effective one week ago
today. The first sale will embrace 1-
045,541.75 acres, comprising all of
the new college lands, or those areas
acquired by the congressional enab-
ling act. The tracts are to be found
in the extreme western, northwest-
and southwestern parts of the state,
covering nineteen counties. John
Shepler, publisher of the Pawnee
Courier-Dispatch, has been appointed
superintendent of sales, a new
branch of the land department.

The law provides that the lands
shall be sold at auction, at the coun-
ty seat, to the highest bidder. The
events are to be advertised and the
state's appraised price on each tract
is the minimum to be accepted. Buy-
ers are given forty years' time to
complete payments.

Lands included in the first sale
have never been covered by an agri-
cultural preference right lease,
whereas the remaining area, of about
75,000 acres, are nearly all so oc-
cupied. The latter tracts will not
go on the market until the matter of
appraisements of land and improve-
ments are adjusted between the
state and the lessee. Under plans
adopted today those lessees hav-
ing complaints of appraisements will
make application to the department
under oath for an adjustment, cor-
roborated also under oath by two
disinterested freeholders residents
of the county. Based upon this the
state will send an adjuster to the
land, assisted by an advisory board
of two, one a democrat and the other
a republican. Upon report of this
board the commission will act finally.
Agreement was also reached between
the board and the executive commit-
tee of the Lessees' association as to
what will be regarded improvements
but the list is not to be made public
until officially approved in the board's
minutes.

PLAN ANOTHER RUCE.

Prisoners at McAlester Busy on
Schemes of Escape.

McAlester, Okla., June 17.—A few
days ago a lot of tools, a sledge
hammer, a punch, sticks of dynamite
and fuse, were sneaked into the
county jail by the prisoners employ-
ed on the county road. Yesterday
evening a lot of fulminating caps
were found secreted in the jail, lead-
ing the jail guards to the conclusion
that the prisoners contemplated blow-
ing a wall out of the jail and es-
caping.

A local paper stated that the fore-
man on the road where the prisoners
were working failed to take an in-
ventory of his tools each evening as
the men were returned to jail and
they thus got away with those taken
into the jail. Today, while he was
in the city remonstrating with the
persons who gave out the story two
prisoners, Vay Brill and Jack Free-
man, serving 60 days' sentences for
bootlegging, took to the brush and
got away. The dogs were put on
their trail. One was caught but the
other has not been captured.

A. K. Thornton in Trouble.

Col. A. K. Thornton was up at the
city hall this morning in trouble,
but was good humored, of course. It
appears that the steam ditcher cut
in two his water pipe leading to his
gin, thereby effecting the contin-
uance of the substantial improve-
ments now being installed.

Mr. Thornton is putting in a new
engine and building concrete founda-
tion for his presses and other ma-
chinery.

False Report.

Purcell, Okla., June 17.—Dorset
Carter, president of the Oklahoma
Central railway company, said to-
night that there is no truth in the
report sent out from New York to-
day that his company is associated
with the Seaboard, Norfolk & West-
ern, the Atlantic & Birmingham and
the Detroit & Toledo Railway com-
panies in a scheme to terminate the re-
ceiverships of these roads.

A Barbecue.

stock the privileges to the Ada bar-
becue picnic to occur Monday, July
5th will be sold. A list of the privi-
leges which will be offered will be
published later.

E. H. Lucas, J. T. Conn, John Hef-
ard, Committee.

Beware of Quackery for Catarrh That Contains Mercury.

Mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous surfaces.
Such articles should never be used
except on prescriptions from re-
putable physicians, as the damage they
will do is ten fold to the good you
can possibly derive from them. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo O., contains no
mercury, and is taken internally, act-
ing directly upon the blood and mu-
cous surfaces of the system. In buying
Hall's Catarrh Cure be sure you get
the genuine. It is taken internally
and made in Toledo, Ohio, by F. J.
Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per
bottle.

Take Hall's Family Pills for con-
stipation. 47-dwlm

\$4.00 SLIPPERS \$1.95

Having on hand a line of highly advertised and well known slippers ranging in price from \$4.00 down to \$2.50 and by contract agreeing not to advertise the name of slippers at cut prices we ask every lady in Ada and surrounding country to come to our store and see these slippers, every pair goes at same uniform price of \$1.95 per pair. All styles and colors, Tan Pumps, Black Pumps with ankle strap, patent leather and tans in buttons in fact as good an assortment as you will find any place. You can easily afford to buy two pairs at this price at SURPRISE STORE, The People Who Put the Price Down.

Two More Weeks.
Our trimmer, Miss Adams, will be with us this season. We still have a beautiful line of the latest styles in shapes and trimmings which we will not carry over, and will cut the prices that any one will be able to buy a fine hat for a little of nothing. We have one lot \$2.00 and \$1.50 hats your choice 98c each. Miss Adams will be glad to give you good bargains in hats before she leaves Ada. Come to see her at the Grand leader. 4t

DOWN HILL SQUAWK.

Never, but It Is True that the News Deserves at Your Hands a More Liberal Patronage.

The News has never given the "down hill" squawk, but the time has arrived when the business citizens can advantageously extend their daily paper better patronage.

The Daily News has stayed with you six years and paid you promptly for all purchases. Help the News to boost the city by affording it more of your business.

The Crystal Ice Co.

The public's attention is called to the advertisement of the Crystal Ice Co. This company requests the statement made that they are in business because it thought the demand sufficient; that it was prepared to deliver ice with reasonable dispatch and moderate prices.

They are located in the old stand of the former Crystal Ice Co. on Townsend near the Frisco tracks. A fair share of the patronage of the public is solicited by these ice dealers.

Covers the City.

The Evening News covers the city thoroughly. Ask the News boy on your route how many paying subscribers he has and he will tell you for his instructions are to be respectful and admonition is to always be truthful.

The News advertising rates are very reasonable. Phone for the solicitor.

Conn, Lucas, Rinard.

Tram Conn, Henry Lucas and John Rinard are three good ones busy preparing for the big barbecue and picnic ready for July 5th. With such men pushing the barbecue undertaking, there couldn't be failure.

Do Business.

If you would buy or sell any thing phone the News. One insertion, per word, 1c; additional insertions, per word, 1-2c.

J. H. McMeans, residing three miles southeast of Conway was a very satisfactory visitor at the News office today. He reports crop prospects excellent in his section.

Mr. and Mrs. C. Gunter who have been visiting their friend, Mr. John Gardner and transacting business in Ada returned to their home in Ardmore this morning.

YOUNG BOYS IN CAMP.

News "Devil" and Others Off for Boggy Where There Bids Fun and Adventure.

Hugh Taylor, the News Devil, is off for two days, the guests of the two enthusiastic nimrods, Masters Miller and Bruce Ligon, fishing and hunting on Boggy. Master Albert Croxton is one of the party. The Ligon boys are already veterans of the camp and likely before their return Saturday night, as before Sunday as possible—there will have been reenacted many of the marvelous exploits of Tom Sawyer and Huckleberry Finn, and even the tragedies within the life of old Hawk Eye of the Leatherstocking tales may be restaged on the wild banks of boggy by those intrepid youths.

TOM HOPE'S HAND CALLED.

The Smart German Who Will Build Ada Machine Shops Arrests Banker's Facile Pen.

Mr. J. Eisner of whom mention was made yesterday as having completed arrangements to construct in Ada a modern foundry and machine shop has been discovered by local celebrities as being a man of considerable parts. His credentials are good and his proposition promises much for Ada. Mr. Eisner is a gentleman of distinctly German mannerisms. It is related that yesterday when Tom Hope was drawing up the contract relative to the basis on which Mr. Eisner should make his Ada investment, that suddenly Hope's facile pen was arrested by the big German, who ejaculated without reference to brogue: "That must not go in there; I have as much sense as you have." Mr. Hope's friends sitting around could not pass it up, and howled with delight that his hand had been called.

Mr. Eisner will construct several cottages in Ada as an inducement to secure the residence of his skilled laborers.

Wedding in High Life.

Thumb and June united in "iron bonds of padlock" at Airdome Friday night. 15c, 25c and 35c. Check your seats at Ramsey's. 1f

OUR GUTHRIE CORRESPONDENT

Guthrie, June 16.—Congressman Charles D. Carter, of Ardmore, says that the persecution of Governor Haskell is condemned in Washington not only by the democrats, but by most of the republicans. Mr. Carter quotes Congressman Norris, republican member from Nebraska, a great admirer of Governor Haskell as saying: "I have watched the governor's career from the beginning of the constitutional convention. I agree with much of work. I was completely carried away with his speech in the democratic national convention arraigning the McGuffey Standard Oil crowd and firing them out of the convention. It was bold and manly and fearless, but the result is just as I feared then. They are all powerful and never quit pursuing those whom, like Governor Haskell, fearlessly oppose them. Time will demonstrate that it is their power and influence that has pursued and annoyed Haskell ever since. Their shrewd methods may cover their hand so that even the president may not know it, but sure as you live they are responsible for the fight on Haskell, who is one of the few public men who has courage to openly fight them, and, republican though I am, I hope Haskell will win."

State Bank Commissioner, A. M. Young, while a firm believer in the state guaranty law evidently proposes to protect the guaranty as he hopes that the guaranty will protect the banks.

Every irregularity in every bank in the state is carefully noted by him and able corps of expert examiners, and state bankers are compelled to hew to the line of the law. In the case of the Citizens State Bank at Mountain Park, it was found that Mr. Jones, the cashier, has used \$8,500 of the bank's funds, giving his note for the same. This is a violation of the banking law and Mr. Jones was notified to replace immediately every dollar he had borrowed, and to resign. Both of these orders have been obeyed and the bank is in a splendid condition. Mr. W. E. Gordon, one of the examiners found that W. E. Kittel, president of the Bank of Morris, has used forged and bogus notes to the amount of \$7,800. Upon his report, the president

of the bank was promptly arrested and is now in jail at Muskogee.

Mr. Young evidently believes that a stitch in time saves nine, and it is not at all likely that the guaranty fund of the state will ever be drawn upon so long as much stringent supervision is employed.

TEARS TOUCH THE GOVERNOR.

Fred Michler, Sentenced for Theft, is Returned to His Parents.

Guthrie, Okla., June 16.—During one of the busiest moments of the afternoon yesterday a middle-aged farmer and his wife, both evidently of no great worldly goods, left the office of the state pardon board with a recommendation for the parole of their son, Fred Michler, aged 23, who was serving a three-year sentence on the charge of stealing a horse. Both were crying, probably with joy. Being unfamiliar with the state house they stumbled into the governor's office instead of out the entrance. They had been informed that it probably would be days before the governor could act on their son's recommended parole and that he would have to sift the matter thoroughly. By accident or good luck the governor passed hurriedly from his office to the telephone as they entered. He noticed their tears, stopped and asked them why.

A score of men were waiting to see Governor Haskell, on every business from applying for a judgeship to assessing a 100 million dollars worth of railroads. He called Mr. and Mrs. Michler into his office, sent for the papers in the case, heard their plea. The man was too much overcome to talk well. His wife spoke up. She wanted her boy out now so that he would not be too hardened. "It will make him give up hope to have to stay there two years longer," she said. "He is just a boy. He shouldn't be among those hardened convicts. The quicker he gets out the quicker we can help him to become a good man."

They got their parole. It all happened in about ten minutes. Then the applicants for judgeships and the railroad attorneys closed around again.

When you want what you want, when you want it, try a want ad in the News.

JOHN RINARD TALKS.

Wants Bond Issue for Roads and Bridges.

The county commissioners of Pontotoc county are busy promoting a sentiment throughout the county favorable to the issuing of bonds sufficient to relieve the necessity of an extra heavy tax levy for the liquidation of around \$15,000 worth of outstanding indebtedness which will have accrued by the end of the fiscal year June 30th and for the payment of the interest on the \$35,000 borrowed from the state.

County Commissioner John Rinard, states that while it is true Pontotoc county does not owe the state as much as many other counties nor has it so large an outstanding indebtedness which must be met, still the burden would be great if the outstanding indebtedness of around \$15,000 and the accrued interest on the \$35,000 borrowed from the state should have to be paid out of the levy made for this year's current expenses.

Mr. Rinard was very positive that a bond issue at a low rate of interest would be best, "for," said he, "would it not be better to pay this indebtedness from year to year as the county will be growing wealthier and more able to bear the burden of taxation than to pay all now?"

Mr. Rinard spoke very interestingly on the necessity of the county building without delay the very best roads and bridges. His scheme appears one that would meet the unanimous favor of the citizens of the county.

Since the News' conversation with Mr. Rinard was just before going to press, not having time to elaborate on his views, the News man secured promise from this county commissioner that he would give his views as one citizen of the county through this paper next week. He stated that he desired the question of internal improvements discussed throughout the county. He suggested that one good occasion would be on July 5th at the big Ada barbecue.

Slippers, Slippers, Slippers.

Certain brand, worth up to \$4.00 going at \$1.95 per pair. Surprise Store, the People Who Put the Price Down.

GOOD BY BOOZE.

Express Companies Issue Orders to Make No Deliveries to Any One But Agencies

"No Body Knows How Dry I Am." Sing it, everybody.

No more booze, no more beer, no more nothing that contains any of the stuff called "alcohol" can be delivered in this city.

The local agent of the American Express company received an order yesterday from the main offices not to deliver any kind of liquor to any one, except the state dispensary. He was also instructed to return to the consigners what shipments he now has on hand, which total six cases of booze.

Similar instructions are expected by the railroad agents and other express agents.

This action follows the suit brought by Attorney General West, now in the supreme court, to ascertain where the contract of a common carrier terminates at the station or at the place of residence or business of the consignee.

Heretofore, private parties have enjoyed the liberty of ordering beer or booze for their homes. Now they have the choice of going without or looking up a neighbor who may have had the foresight to replenish his larder previous to the recent orders.—Shawnee Herald.

Acknowledges the Corn.

Guthrie, June 16.—Ex-President Roosevelt's Secretary of the Interior, Mr. Garfield, on June 11th, in a speech in the city of Detroit is quoted by the Associated Press as saying:

"The grand jury will decide between Governor Haskell and ex-President Roosevelt."

The public has believed all along that it was the resentment of Mr. Roosevelt back of the town lot suits, but this is the first occasion when a member of the Roosevelt family frankly admits that to be true.

It is a deplorable thing, however, when we must realize that the grand juries may be organized and used to vent personal spite. There is nothing more destructive of free government than to have the courts influenced by motives of selfishness, jealousy and vindictiveness.

Try a News' "Want Ad."

THREE DEAD, THREE MISSING

Fearful Explosion in Denver Power Plant Injures Ten Others.

Denver, June 15.—Three persons are known to be dead, one probably fatally injured, nine severely injured and three missing as the result of the explosion of a 200-ton boiler in the power plant of the Denver Gas & Electric company at Sixth and Lawrence street at 6:30 o'clock tonight.

So terrific was the force of the explosion that the heavy boiler was thrown 800 feet in the air. It crashed through the roof of the plant and completely wrecked the roof and walls.

The electric lights were cut and for more than two hours the men were in darkness. The explosion was heard for miles and buildings in the immediate vicinity were rocked on their foundations.

Nine men are in the hospitals suffering from injuries. The property damage is estimated between \$250,000 and \$500,000.

Mayor Is Sustained.

McAlester, Okla., June 16.—At the spring election the democrats here elected the mayor and the republicans a majority of the council. An old ordinance permitted the council to appoint the police and they named a full force, but the mayor, claiming the Oklahoma laws extended over the eastern portion of the state, named another police force.

Both have been acting and there has been much contention. An agreed case was submitted to Judge Phil D. Brewer and in an opinion today he sustained the mayor and the republican police were withdrawn, it having been agreed that neither party would appeal.

Officials Clash.

Guthrie, Okla., June 16.—A conference between the normal regents and the state board of affairs today resulted in a deadlock. The regents say they will adopt plans for the new buildings and pointly supervise the construction.

The board of affairs say that the regents may select plans, which they must submit to the board of affairs, which reserves the right to reject them and have others drawn up by the state engineer if they see fit.

STORM IN POTTAWATOMIE.

The Principle Storm on Either Side of Shawnee, but Lots of Damage in the City.

Shawnee, June 18.—At 7:30 o'clock last night Shawnee was visited by the worst hail and wind storm of the season, lasting three-quarters of an hour. Numerous windows were broken in the residence and business section of the city. The damage in the country was difficult to ascertain, because of the fact that the phones west and southwest were out of order. North and east of the city severe hail storms were reported. Just what damage, if any, will result to the crops is not known, but oats will probably suffer to some extent.

The storm is attributed to the eclipse of the sun which had been on since Wednesday evening. A storm seemed to travel on either side of the city.

At the Mammoth two large twelve-foot plate glass windows on the Main street side and two six-foot plate windows on the Bell street side were demolished, together with a large quantity of white goods that were on display. The damage is estimated at \$1,000.

The first gush of wind appeared to travel east on Main and suddenly veered at the Mammoth corner taking a westward course. At this corner a portable peanut car was thrown on its side, and its owner, H. Hogg, who was attempting to escape, was held a prisoner until released after the storm. His wagon suffered several broken windows and damaged wheels.

Further down at East Main the Majestic Airdome had its picture stand house blown in the street. At this place part of the brick wall was blown out. There was no one aside from a few performers present at the time.

There was considerable other damage of equal violence in numerous other points throughout the city.

Singing School.

Come join the singing school at Asbury Methodist church. It meets every Friday night at 8 o'clock. Prof. A. L. Fentem has consented to do the work. All who know him give him the name of a good instructor. In fact his position as instructor of vocal music in the County Institute evidences that fact. Come and be with us. C. C. Barnhardt, P. C.

VOLUME 6

ADA, OKLAHOMA, FRIDAY EVENING, JUNE 18, 1909

NUMBER 71

DEMOCRATS FIRM ON INCOME TAX

WILL STAND BY MEASURE TO THE LAST DITCH.

PLAYING POLITICS WITH TAFT

Claimed Senator Bourne, Personal Friend, Paved Way for Message Desired by Aldrich.

Washington, June 17.—The democrats, after a two hours' conference this afternoon, decided to stand by the pending amendment for an income tax as long as there is a chance for its adoption. After that, they will be ready, as far as can be seen, to vote in favor of the proposed joint resolution for a constitutional amendment and also for a tax on the net earnings of corporations.

This is practically the position of the progressive republicans though their disappointment over the presidential intervention in behalf of the senate organization in the income tax matter has prevented them so far from seeing anything good in the corporation tax issue.

Aldrich's Probable Tactics.

The fight may not come on the main issue but it is probable that Senator Aldrich may again move to postpone the vote until all of the schedules are out of the way. If this course is not taken, it is expected that the senate finance committee will offer President Taft's suggestion of a corporation tax as substitute for the income tax amendment and on this motion to substitute the democrats and as many progressives as can be mustered will vote no. Should this coalition be defeated, it is expected that both democrats and progressives

will vote for the corporation tax as well as for the joint resolution substituting a constitutional amendment. The majority by which Senator Aldrich is expected to put through his program, should the matter be voted on at this time, is variously estimated at between three and five votes.

That this matter could not be disposed of tomorrow is obvious. The details of the corporation tax provision are not yet known, but it is evident that a long and warm debate will center around efforts that are certain to be made to amend whatever proposal Senator Aldrich may offer. The democrats expect to make some capital out of the fight on the kind of corporation tax which the republican senate leaders will present. Even the proposed constitutional amendment has been threatened with an amendment that is intended to remove the constitutional doubt as to the power of congress to levy not only a direct tax on incomes, but also to levy a graduated tax. The whole question, especially that of levying a tax on the net earnings of corporations with the incidental feature of giving the government access to the financial status of corporations, is fraught with vast possibilities of controversy, and the belief still holds in conservative circles that the new issues raised will consume several days in their disposition.

How Taft Was Reached.

A story that is being told by the senators as to how President Taft came to send his message on the corporation tax and the proposed constitutional amendment throws an interesting light on the methods of Senator Aldrich. According to this story, Senator Aldrich did not approach President Taft direct on this matter, but availed himself of the services of Senator Bourne of Oregon. The Oregon Senator is a steady companion of President Taft on the "golf" links, and it is said that during a game a few days ago Senator Bourne suggested to the president that the party, being all torn up over the income tax, and there being a possibility of the insurgents defeating through a coalition with democrats the senate organization, it would be a great thing if the president should step in and by harmonizing the elements assert his leadership of the party. He outlined the plan of offering a corporation tax and a constitutional amendment. It is said that a discussion of the subject on the links left an impression on Senator Bourne that the president was inclined at least to consider the suggestion seriously and he so reported to Senator Aldrich. The following morning Senator Aldrich called at the White House, and when the question came up in the course of the conversation he took to the idea so adroitly as to leave no suspicion that he was a party or the instigator of Senator Bourne's suggestion. The message followed.

Mr. Cummins's Courtesy.

Senator Cummins and other income taxers allege that early in the session they went to Mr. Taft and disclosed to him their intentions of offering an income tax when the tariff bill reached the senate. They say that they asked Mr. Taft if such a move on their part would embarrass him and whether he would prefer them to wait until the regular session next December to begin their agitation. They all know that Mr. Taft had said at Cincinnati on July 24 last:

"In my judgment an amendment to the constitution for an income tax is not necessary."

The report of Senator Cummins and his associates is that Mr. Taft told them to go ahead and introduce their income tax amendment at this session; that their action would not embarrass him. Upon this they acted, and so successfully did they conduct their case that it seemed at one time as if they had won over a majority of the senate to the support of an income tax amendment.

Tom Thumb Wedding.

This popular play will be put on at the Ardmore Friday evening at 8:30 by a company of 100 Ada children for the benefit of the Baptist Ladies' Aid, 15c, 25c and 35c. Check your seats at Ramsey's.

TWO STATE BOARDS IN A DEADLOCK

SCHOOL BUILDING CONTROVERSY REMAINS UNSETTLED.

Board of Normal Regents and Board of Public Affairs Contend for Their Rights.

Guthrie, Okla., June 17.—A joint meeting of the state board of normal regents and the state board of public affairs in the office of E. D. Cameron, state superintendent of public instruction failed to bring about a settlement of the controversy between the two boards as to the method to be pursued in the construction of the new buildings for the various state normal schools.

The normal regents at the close of the conference announced that it would stand pat in its avowed intention of adopting plans and specifications for the erecting of the buildings for the Southeastern Normal School at Ada and the South Central Normal School at Durant. The board supervision with the board of public will also insist on exercising a joint authority over the construction of the buildings and accepting them from the hands of the architects and contractors when completed.

The board of public affairs on the other hand declares that it should have exclusive control over the construction of these buildings and states that while the normal regents may go ahead and adopt plans and specifications and employ an architect, it will reserve the right to accept or reject these plans and to adopt the plans and specifications of the state architect, Patrick Weathers of Guthrie, who has been employed by the state board of public affairs.

Members of the board of normal regents declare that since the laws establishing the new normals and making appropriation for buildings shall be expended under their direction and in view of the fact that State auditor M. E. Trapp has announced that he will issue no vouchers that are not approved by the department out of whose funds the money is being expended, they will reserve the right to exercise at least a joint control over the construction of the buildings and the discretion of seeing that buildings suited for educational purposes are erected.

A member of the normal board stated today that the state board of agricultural and industrial education, which has the location of the four secondary schools of agriculture to be established and the board in charge of the Girls' Industrial School at Chickasha will probably take position similar to that of the normal regents, although neither of these boards have met and determined officially upon a course of action.

REPUBLICANS FOR HASKELL.

Admits That He Has Been Unjustly Persecuted.

Guthrie, June 16.—Congressman Charles D. Carter of Ardmore says that the persecution of Governor Haskell is condemned in Washington, not only by the democrats, but by most of the republicans. Mr. Carter quotes Congressman Norris, republican member from Nebraska, a great admirer of Governor Haskell, as saying: "I have watched the governor's career from the beginning of the constitutional convention I agree with much of the work I was completely carried away with his speech in the democratic national convention arraigning the McGuffey Standard Oil crowd and firing them out of the convention. It was bold and manly and fearless, but the result is just as I feared then. They are all powerful and never quit pursuing those whom, like Governor Haskell, fearlessly oppose them. Time will demonstrate that it is their power and influence that has pursued and annoyed Haskell ever since. Their shrewd methods may cover their hand so that even the president may not know it, but sure as you live they are responsible for the fight on Haskell, who is one of the few public men who has courage to openly fight them, and, republican, though I am, I hope Haskell will win."

EXPRESS COMPANIES ENFORCING THE LAW

AMERICAN EXPRESS COMPANY WILL DELIVER NO MORE BOOZE.

Said to Be to Avoid Necessity of Furnishing Report on Federal Licenses.

Oklahoma City, June 18.—Officials of the local office of the American Express company will henceforth decline to deliver to any person any shipments of spirituous, vinous or malt liquors now in possession or that may come into possession of that company. A number of consignments have already been returned to Louisville and other liquor distributing points with the company's polite refusal to deliver the goods to destinations.

The company is obeying a general order sent to all agents of Oklahoma signed by F. D. Adams, general superintendent of the American Express company, and was made pursuant to an order from Fred B. Caddwell, law enforcement attorney of Oklahoma City to Governor Haskell.

The order particularly refers to interstate shipments, as the laws of Oklahoma already prohibit the transportation of liquors between points in the state. It is supposed that the American company prefers to refuse the delivery of all shipments rather than be responsible for a true and correct report of the some 1,200 holders of government licenses in the state.

This is the first result of the work of the state enforcement attorney, Fred S. Caldwell, to stamp out whiskey traffic in Oklahoma by checking importation.

Several weeks ago he forwarded to all railroads and transportation companies a list of the persons in Oklahoma who had a federal revenue was considered prima facie evidence license to sell whisky. He informed the transportation companies that if of an intention to violate the Oklahoma laws against the sale of alcoholic drinks, for a person in the state, who held such a federal license, to receive a shipment of liquor, and expressed his intention in the event the carrying companies did not cease delivery to these persons they would be prosecuted as accomplices.

There is considerable talk among the prohibitionists and enforcement attorneys of urging the next legislature to pass a law allowing the violation of a right to do business in Oklahoma of all carrying companies who deliver illegal liquors to Oklahoma consignees.

COMET WITH LONG TAIL.

Strange Phenomena Attracting the Attention of Astronomers.

New York, June 17.—Two interesting and rarer astronomical phenomena took place this evening. The moon eclipsed four-fifths of the sun at two minutes after 7 o'clock in the vicinity of New York and three hours later the tail at least of Brooks' wonderful comet came into plain view.

(According to Edwin F. Nauty, an astronomer, who observed the comet only an hour or so after it was discovered by Prof. Brooks on May 23, last, the tail of this comet, which is said to be 200,000,000 miles long, illuminated the Southeastern sky between 9 and 11 o'clock.)

So far the head has not been seen and it is causing the liveliest discussion among astronomers and others. The eclipse of the sun which will not occur again until 1918, was visible as far West as the Central States and along the entire Atlantic coast.

On account of cloudy weather here astronomers, professional and amateur, were unable tonight to get a view of the promised eclipse of the sun or of the tail of the comet.

The eclipse was announced for 7:02 o'clock, but rain began a few minutes before that time. Preparations were made at the Naval Observatory at Washington to obtain a view of the eclipse, but the meteorological conditions spoiled the plans.

MEN OR YOUNG MEN Who Put Their confidence in us in this matter of clothes are entitled to know the truth about what they buy here; and we're glad to have them know it; there's nothing here that we're afraid to tell the truth about.

Hart Schaffner & Marx clothes are all-wool; and all-wool is the only real, full value in clothes. We have some clothes that are not all-wool; we'll tell you so if you select any of them. We don't advise you to buy cotton-mixed goods; they're mostly disappointing, and that's bad for us as well as you. We have them here to sell to men or the young men who are not yet wise enough to insist on all-wool.

We'll try to persuade you to buy Hart Schaffner & Marx all-wool clothes that were

18.50 to 25.00

but just now we are having cut prices in all our high price suits. They will cost you now much less than before.

We Carry All Kinds of Underwear.

Sleeves long or short. Drawers in knee lengths and full lengths 25c and 50c.

Union Suits \$1 and \$1.50 Night Shirts 65c to \$1
Pajamas \$1.25 to \$2.00 Silk Ties 25c to 50c
Lisle Hose 25c and 50c

If your smaller boys need good clothes you will find here what is best—\$3.50 to \$10.00

Straw Hats and Panamas at Reduced Prices

SHOES

W. L. Douglas and
Burt & Packard's \$3.50 and \$4.00

HATS

gress of March 3 1879

RESOLUTION OF THE
FEDERATION OF LABOR

On a motion made by G. S. Boyd
and seconded by Marion Moore it
was voted and carried as follows by
the American Federation of Labor in
call meeting on the 17th day of June
1909
That whereas there has been a
great amount of talk of late in re-
gard to the difference between the
Oklahoma Portland Cement plant o-
Ada Okla. and the union labor o-
this place it seems best that we put
ourselves on record in the matter
and make known to the public what
our views on the matter is be it
therefore resolved
(1) That as a union we have
nothing against the said Cement
Plant we have not asked the said

Plant for an advance in our wages.
(2) Be it further resolved that
we hold nothing against the manag-
ers of the said plant that we hold
them in esteem as good law abiding
men and good managers of their bus-
ness
(3) Be it further resolved that as
a union we do not exact of them that
they employ union labor but we do
ask that they discharge no man
singly because he belongs to this or
any other labor union but that they
will not refuse to employ because
they belong to any union of laborers
Be it further resolved that we have
only the kindest feelings towards the
said plant knowing its value to the
town of Ada and the people at large
(4) Be it further resolved that we
as a union hold ourselves ready to
work for the said Cement plant at
any moment they may be in need of
men and that we will not support or
protect any man or set of men that
will not do his work well and dis-
charge every duty incumbent upon
him as a laborer be it further re-
solved that a copy of this resolution
be furnished the Ada Daily News for
publication and that a copy be
spread upon the minutes of this
union A. A. WALKER Pres.
MARION MOORE Secy.

Will Build Ada's State Normal—The
State Board of Affairs Has So
Declared.

Guthrie Okla. June 18—The
board of affairs today adopted a rule
that union labor shall be used in
the construction of all new state
buildings as far as possible and all
contractors will sign contracts con-
taining a stipulation to that effect.
The board also adopted a new rule
in the purchase of supplies to the
effect that where the price is the
same freight and all things con-
sidered all supplies will be purchas-
ed within the state

OKLAHOMA SCHOOL LAND
SALE TO BE STARTED

IMMEDIATE ARRANGEMENTS TO
BE MADE FOR DISPOSAL

First Offering to Comprise Over
Million Acres in West, Northwest
and Southwest Parts.

Guthrie Ok. June 17—The State
School Land Commission today in-
structed the School Land Department
to immediately make arrangements
for sale of a large amount of the
state school lands under authority
of an act of the last legislature
which became effective one week ago
today. The first sale will embrace 1-
043 4175 acres comprising all of
the new college lands or those areas
acquired by the congressional enab-
ling act. The tracts are to be found
in the extreme western northwest-
and southwestern parts of the state
covering nineteen counties. John
Shepler publisher of the Pawnee
Courier Dispatch has been appointed
superintendent of sales a new
branch of the land department.
The law provides that the lands
shall be sold at auction if the coun-
ty sent to the highest bidder. The
events are to be advertised and the
state's appraised price on each tract
is the minimum to be accepted. Bidders
are given forty days time to
complete payments.

Lands included in the first sale
have never been covered by an agri-
cultural preference right lease
whereas the remaining area of about
75 000 acres are nearly all so oc-
cupied. The latter tracts will not
go on the market until the matter of
appraisements of land and improve-
ments are adjusted between the
state and the lessee. Under plans
adopted today those lessees hav-
ing complaints of appraisements will
make application to the department
under oath for an adjustment cor-
roborated also under oath by two
disinterested freeholders residents
of the county. Based upon this the
state will send an adjuster to the
land assisted by an advisory board
of two one a democrat and the other
a republican. Upon report of this
board the commission will act finally.
Agreement was also reached between
the board and the executive com-
mittee of the Lessees association as to
what will be regarded improvements
but the list is not to be made public
until officially approved in the board's
minutes.

PLAN ANOTHER RUC.
Prisoners at McAlester Busy on
Schemes of Escape.
McAlester Okla. June 17—A few
days ago a lot of tools a sledge
hammer a punch sticks of dynamite
and fuse were sneaked into the
county jail by the prisoners employ-
ed on the county road. Yesterday
evening a lot of fulminating caps
were found secreted in the jail lead-
ing the jail guards to the conclusion
that the prisoners contemplated blow-
ing a wall out of the jail and es-
caping.
A local paper stated that the fore-
man on the road where the prisoners
were working failed to take an in-
ventory of his tools each evening as
the men were returned to jail and
they thus got away with those taken
into the jail. Today while he was
in the city remonstrating with the
persons who gave out the story two
prisoners Vay Brill and Jack Free-
man serving 60 days sentences for
bootlegging took to the brush and
got away. The dogs were put on
their trail. One was caught but the
other has not been captured.

A. K. Thornton in Trouble.

Col. A. K. Thornton was up at the
city hall this morning in trouble
but was good humored of course. It
appears that the steam ditcher cut
in two his water pipe leading to
his gin thereby effecting the con-
tinuance of the substantial improve-
ments now being installed.
Mr. Thornton is putting in a new
engine and building concrete foun-
dation for his presses and other ma-
chinery.
False Report.
Purcell Okla. June 17—Dorset
Carter president of the Oklahoma
Central railway company said to-
night that there is no truth in the
report sent out from New York to-
day that his company is associated
with the Seaboard Norfolk & West-
ern the Atlantic & Birmingham and
the Detroit & Toledo Railway com-
panies in a scheme to terminate the re-
ceiverships of these roads.

A Barbecue.

Beware of Quinments for Cataracts

Mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous surfaces.
Such articles should never be used
except on prescriptions from respect-
able physicians as the damage they
will do is tenfold to the good you
can possibly derive from them. Hall's
Cataract Cure manufactured by F. J.
Cheney & Co., Toledo O., contains no
mercury and is taken internally act-
ing directly upon the blood and mu-
cous surfaces of the system. In buying
Hall's Cataract Cure be sure you get
the genuine. It is taken internally
and made in Toledo Ohio by F. J.
Cheney & Co. Testimonials free.
Sold by Druggists Price 75c per
bottle.
Take Hall's Family Pills for con-
stipation at dwimo

\$4.00 SLIPPERS \$1.95
Having on hand a line of highly advertised and well known slippers ranging in price from \$4.00 down to \$2.50 and by contract agreeing not to advertise the name of slippers at out prices we ask every lady in Ada and surrounding country to come to our store and see these slippers, every pair goes at same uniform price of \$1.95 per pair. All styles and colors, Tan Pumps, Black Pumps with ankle strap, patent leather and tans in buttons in fact as good an assortment as you will find any place. You can easily afford to buy two pairs at this price at SURPRISE STORE, The People Who Put the Price Down.

Two More Weeks.
Our trimmer, Miss Adams, will be with us this season. We still have a beautiful line of the latest styles in shapes and trimmings which we will not carry over, and will cut the prices that any one will be able to buy a fine hat for a little of nothing. We have one lot \$2.00 and \$1.50 hats your choice 95c each. Miss Adams will be glad to give you good bargains in hats before she leaves Ada. Come to see her at the Grand leader. 4t

DOWN HILL SQUAWK.

Never, but it is true that the News Deserves at Your Hands a More Liberal Patronage.

The News has never given the "down hill" squawk, but the time has arrived when the business citizens can advantageously extend their daily paper better patronage.

The Daily News has stayed with you six years and paid you promptly for all purchases. Help the News to boost the city by affording it more of your business.

The Crystal Ice Co.

The public's attention is called to the advertisement of the Crystal Ice Co. This company requests the statement made that they are in business because it thought the demand sufficient; that it was prepared to deliver ice with reasonable dispatch and moderate prices.

They are located in the old stand of the former Crystal Ice Co. on Townsend near the Frisco tracks. A fair share of the patronage of the public is solicited by these ice dealers.

Covers the City.

The Evening News covers the city thoroughly. Ask the News boy on your route how many paying subscribers he has and he will tell you for his instructions are is to be respectful and admonition is to always be truthful.

The News advertising rates are very reasonable. Phone for the solicitor.

Conn, Lucas, Rinard.

Tram Conn, Henry Lucas and John Rinard are three good ones busy preparing for the big barbecue and picnic ready for July 5th. With such men pushing the barbecue undertaking, there couldn't be failure.

Do Business.

If you would buy or sell any thing phone the News. One insertion, per word. 1c; additional insertions, per word. 1-2c.

J. H. McMeans, residing three miles southeast of Conway was a very satisfactory visitor at the News office today. He reports crop prospects excellent in his section.

Mr. and Mrs. C. Gunter who have been visiting their friend, Mr. John Gardner and transacting business in Ada returned to their home in Ardmore this morning.

YOUNG BOYS IN CAMP.

News "Devil" and Others Off for Boggy Where There Bids Fun and Adventure.

Hugh Taylor, the News Devil, is off for two days, the guests of the two enthusiastic ninnyrds, Masters Miller and Bruce Ligon, fishing and hunting, on Boggy. Master Albert Croxton is one of the party. The Ligon boys are already veterans of the camp and likely before their return Saturday night, as before Sunday as possible—there will have been reenacted many of the marvelous exploits of Tom Sawyer and Huckleberry Finn, and even the tragedies within the life of old Hawk Eye of the Leatherstocking tales may be restaged on the wild banks of boggy by those intrepid youthfuls.

TOM HOPE'S HAND CALLED.

The Smart German Who Will Build Ada Machine Shops Arrests Banker's Facile Pen.

Mr. J. Eisner of whom mention was made yesterday as having completed arrangements to construct in Ada a modern foundry and machine shop has been discovered by local celebrities as being a man of considerable parts. His credentials are good and his proposition promises much for Ada. Mr. Eisner is a gentleman of distinctly German mannerisms. It is related that yesterday when Tom Hope was drawing up the contract relative to the basis on which Mr. Eisner should make his Ada investment, that suddenly Hope's facile pen was arrested by the big German, who ejaculated without reference to brogue: "That must not go in there; I have as much sense as you have." Mr. Hope's friends sitting around could not pass it up, and howled with delight that his hand had been called.

Mr. Eisner will construct several cottages in Ada as an inducement to secure the residence of his skilled laborers.

Wedding in High Life.

Thumb and June united in "iron bonds of padlock" at Ardome Friday night, 15c, 25c and 35c. Check your seats at Ramsey's. tf

OUR GUTHRIE CORRESPONDENT

Guthrie, June 16.—Congressman Charles D. Carter, of Ardmore, says that the persecution of Governor Haskell is condemned in Washington not only by the democrats, but by most of the republicans. Mr. Carter quotes Congressman Norris, republican member from Nebraska, a great admirer of Governor Haskell as saying: "I have watched the governor's career from the beginning of the constitutional convention. I agree with much of work. I was completely carried away with his speech in the democratic national convention arraigning the McGuffey Standard Oil crowd and firing them out of the convention. It was bold and manly and fearless, but the result is just as I feared then. They are all powerful and never quit pursuing those whom, like Governor Haskell, fearlessly oppose them. Time will demonstrate that it is their power and influence that has pursued and annoyed Haskell ever since. Their shrewd methods may cover their hand so that even the president may not know it, but sure as you live they are responsible for the fight on Haskell, who is one of the few public men who has courage to openly fight them, and, republican though I am, I hope Haskell will win."

State Bank Commissioner, A. M. Young, while a firm believer in the state guaranty law evidently proposes to protect the guaranty as he hopes that the guaranty will protect the banks.

Every irregularity in every bank in the state is carefully noted by him and able corps of expert examiners, and state bankers are compelled to bow to the line of the law. In the case of the Citizens State Bank at Mountain Park, it was found that Mr. Jones, the cashier, has used \$8,500, of the bank's funds, giving him note for the same. This is a violation of the banking law and Mr. Jones was notified to replace immediately every dollar he had borrowed, and to resign. Both of these orders have been obeyed and the bank is in a splendid condition. Mr. W. E. Gordon, one of the examiners found that W. E. Kittel, president of the Bank of Morris, has used forged and bogus notes to the amount of \$7,800. Upon his report, the president

of the bank was promptly arrested and is now in jail at Muskogee. Mr. Young evidently believes that a switch in time saves nine, and it is not at all likely that the guaranty fund of the state will ever be drawn upon so long as much stringent supervision is employed.

TEARS TOUCH THE GOVERNOR.

Fred Michler, Sentenced for Theft, is Returned to His Parents.

Guthrie, Okla., June 16.—During one of the busiest moments of the afternoon yesterday a middle-aged farmer and his wife, both evidently of no great worldly goods, left the office of the state pardon board with a recommendation for the parole of their son, Fred Michler, aged 23, who was serving a three-year sentence on the charge of stealing a horse. Both were crying, probably with joy. Being unfamiliar with the state house they stumped into the governor's office instead of out the entrance. They had been informed that it probably would be days before the governor could act on their son's recommended parole and that he would have to sift the matter thoroughly. By accident or good luck the governor passed hurriedly from his office to the telephone as they entered. He noticed their tears, stopped and asked them why.

A score of men were waiting to see Governor Haskell, on every business from applying for a judgeship to assessing a 100 million dollars worth of railroads. He called Mr. and Mrs. Michler into his office, sent for the papers in the case, heard their plea. The man was too much overcome to talk well. His wife spoke up. She wanted her boy out now so that he would not be too hardened. "It will make him give up hope to have to stay there two years longer," she said. "He is just a boy. He shouldn't be among those hardened convicts. The quicker he gets out the quicker we can help him to become a good man."

They got their parole. It all happened in about ten minutes. Then the applicants for judgeships and the railroad attorneys closed around again.

When you want what you want, when you want it, try a want ad in the News.

JOHN RINARD TALKS.

Wants Bond Issue for Roads and Bridges.

The county commissioners of Pontotoc county are busy promoting a sentiment throughout the county favorable to the issuing of bonds sufficient to relieve the necessity of an extra heavy tax levy for the liquidation of around \$15,000 worth of outstanding indebtedness which will have accrued by the end of the fiscal year June 30th and for the payment of the interest on the \$35,000 borrowed from the state.

County Commissioner John Rinard, states that while it is true Pontotoc county does not owe the state as much as many other counties nor has it so large an outstanding indebtedness which must be met, still the burden would be great if the outstanding indebtedness of around \$15,000 and the accrued interest on the \$35,000 borrowed from the state should have to be paid out of the levy made for this year's current expenses.

Mr. Rinard was very positive that a bond issue at a low rate of interest would be best. "For," said he, "would it not be better to pay this indebtedness from year to year as the county will be growing wealthier and more able to bear the burden of taxation than to pay all now?"

Mr. Rinard spoke very interestingly on the necessity of the county building without delay the very best roads and bridges. His scheme appears one that would meet the unanimous favor of the citizens of the county.

Since the News' conversation with Mr. Rinard was just before going to press, not having time to elaborate on his views, the News man secured promise from this county commissioner that he would give his views as one citizen of the county through this paper next week. He stated that he desired the question of internal improvements discussed throughout the county. He suggested that one good occasion would be on July 5th at the big Ada barbecue.

Slippers, Slippers, Slippers.

Certain brand, worth up to \$4.00 going at \$1.95 per pair. Surprise Store, the People Who Put the Price Down.

GOOD BY BOOZE.

Express Companies Issue Orders to Make No Deliveries to Any One But Agencies

"No Body Knows How Dry I Am." Sing it, everybody. No more booze, no more beer, no more nothing that contains any of the stuff called "alcohol" can be delivered in this city.

The local agent of the American Express company received an order yesterday from the main offices not to deliver any kind of liquor to any one, except the state dispensary. He was also instructed to return to the consigners what shipments he now has on hand, which total six cases of booze.

Similar instructions are expected by the railroad agents and other express agents.

This action follows the suit brought by Attorney General West, now in the supreme court, to ascertain where the contract of a common carrier terminates at the station or at the place of residence or business of the consignee.

Heretofore, private parties have enjoyed the liberty of ordering beer or booze for their homes. Now they have the choice of going without or looking up a neighbor who may have had the foresight to replenish his larder previous to the recent orders.—Shawnee Herald.

Acknowledges the Corn.

Guthrie, June 16.—Ex-President Roosevelt's Secretary of the Interior, Mr. Garfield, on June 11th, in a speech in the city of Detroit is quoted by the Associated Press as saying:

"The grand jury will decide between Governor Haskell and ex-President Roosevelt."

The public has believed all along that it was the resentment of Mr. Roosevelt back of the town lot suits, but this is the first occasion when a member of the Roosevelt family frankly admits that to be true.

It is a deplorable thing, however, when we must realize that the grand juries may be organized and used to vent personal spite. There is nothing more destructive of free government than to have the courts influenced by motives of selfishness, jealousy and vindictiveness.

Try a News' "Want Ad."

THREE DEAD, THREE MISSING

Fearful Explosion in Denver Power Plant Injures Ten Others.

Denver, June 15.—Three persons are known to be dead, one probably fatally injured, nine severely injured and three missing as the result of the explosion of a 200-ton boiler in the power plant of the Denver Gas & Electric company at Sixth and Lawrence street at 6:30 o'clock tonight.

So terrific was the force of the explosion that the heavy boiler was thrown 800 feet in the air. It crashed through the roof of the plant and completely wrecked the roof and walls.

The electric lights were cut and for more than two hours the men were in darkness. The explosion was heard for miles and buildings in the immediate vicinity were rocked on their foundations.

Nine men are in the hospitals suffering from injuries. The property damage is estimated between \$250,000 and \$500,000.

Mayor Is Sustained.

McAlester, Okla., June 16.—At the spring election the democrats here elected the mayor and the republicans a majority of the council. An old ordinance permitted the council to appoint the police and they named a full force, but the mayor, claiming the Oklahoma laws extended over the eastern portion of the state, named another police force.

Both have been acting and there has been much contention. An agreed case was submitted to Judge Phil D. Brewer and in an opinion today he sustained the mayor and the republican police were withdrawn, it having been agreed that neither party would appeal.

Officials Clash.

Guthrie, Okla., June 16.—A conference between the normal regents and the state board of affairs today resulted in a deadlock. The regents say they will adopt plans for the new buildings and point to supervise the construction.

The board of affairs say that the regents may select plans, which they must submit to the board of affairs, which reserves the right to reject them and have others drawn up by the state engineer if they see fit.

STORM IN POTTAWATOMIE.

The Principle Storm on Either Side of Shawnee, but Lots of Damage in the City.

Shawnee, June 18.—At 7:30 o'clock last night Shawnee was visited by the worst hail and wind storm of the season, lasting three-quarters of an hour. Numerous windows were broken in the residence and business section of the city. The damage in the country was difficult to ascertain, because of the fact that the phones west and southwest were out of order. North and east of the city severe hail storms were reported. Just what damage, if any, will result to the crops is not known, but oats will probably suffer to some extent.

The storm is attributed to the eclipse of the sun which had been on since Wednesday evening. A storm seemed to travel on either side of the city.

At the Mammoth two large twelve-foot plate glass windows on the main street side and two six-foot plate windows on the Bell street side were demolished, together with a large quantity of white goods that were on display. The damage is estimated at \$1,000.

The first gust of wind appeared to travel east on Main and suddenly veered at the Mammoth corner taking a westward course. At this corner a portable peanut car was thrown on its side, and its owner, H. Hogg, who was attempting to escape, was held a prisoner until released after the storm. His wagon suffered several broken windows and damaged wheels.

Further down at East Main the Majestic Airdome had its picture stand house blown in the street. At this place part of the brick wall was blown out. There was no one aside from a few performers present at the time.

There was considerable other damage of equal violence in numerous other points throughout the city.

Singing School.

Come join the singing school at Asbury Methodist church. It meets every Friday night at 8 o'clock. Prof. A. L. Fentem has consented to do the work. All who know him give him the name of a good instructor. In fact his position as instructor of vocal music in the County Institute evidences that fact. Come and be with us. C. C. Barnhart, P. C.

SHERMAN CONCRETE CO.

**OKLAHOMA SCHOOL LAND
SALE TO BE STARTED**

**IMMEDIATE ARRANGEMENTS TO
BE MADE FOR DISPOSAL.**

First offering to compromise Over
Million Acres in West, Northwest
and Southwest parts.

Guthrie Ok June 17—The State
School Land Commission today in-
structed the School Land Department
to immediately make arrangements
for sale of a large amount of the
states school lands under authority
of an act of the last legislature
which became effective one week ago
today. The first sale will embrace 1-
045,417 acres comprising all of
the new college lands or those areas
acquired by the congressional enab-
ling act. The tracts are to be found
in the extreme western northwestern
and southwestern parts of the state
covering nineteen counties. John
Shepler publisher of the Pawnee
County Dispatch has been appointed
superintendent of sales a new
branch of the land department.

The law provides that the lands
shall be sold at auction if the coun-
ty near to the highest bidder. The
events are to be advertised and the
states appraised price on each tract
is the minimum to be accepted. Bu-
ers are given forty days time to
complete payments.

Lands included in the first sale
have never been covered by an agri-
cultural preference right lease.
whereas the remaining area of about
7,000 acres are nearly all so oc-
cupied. The latter tracts will not
go on the market until the matter of
appraisements of land and improve-
ments are adjusted between the
state and the lessee. Under plans
adopted today those lessees hav-
ing complaints of appraisements will
make application to the department
under oath for an adjustment cor-
roborated also under oath by two
disinterested freeholders residents
of the county. Based upon this the
state will send an adjuster to the
land assisted by an advisory board
of two one a democrat and the other
a republican. Upon report of this
board the commission will act finally.
Agreement was also reached between
the board and the executive com-
mittee of the Lessees association as to
what will be regarded improvements
but the list is not to be made public
until officially approved in the boards
minutes.

**Will Build Ada's State Normal—The
State Board of Affairs Has so
Declared**

Guthrie Okla June 18—The
board of affairs today adopted a rule
that union labor shall be used in
the construction of a new state
building as far as possible and all
contractors will sign contracts con-
taining a stipulation to that effect.
The board also adopted a new rule
in the purchase of supplies to the
effect that where the price is the
same freight and all things con-
sidered all supplies will be purchas-
ed within the state.

PLAN ANOTHER RICE.

Prisoners at McAlester Busy on
Schemes of Escape.

McAlester Okla June 17—A few
days ago a lot of tools a sledge
hammer a punch sticks of dynamite
and fuse were sneaked into the
county jail by the prisoners employ-
ed on the county road. Yesterday
evening a lot of fulminating caps
were found secreted in the jail lead-
ing the jail guards to the conclusion
that the prisoners contemplated blow-
ing a wall out of the jail and es-
caping.

A local paper stated that the fore-
man on the road where the prisoners
were working failed to take an in-
ventory of his tools each evening as
the men were returned to jail and
they thus got away with those taken
into the jail. Today while he was
in the city remonstrating with the
persons who gave out the story two
prisoners Vay Brill and Jack Free-
man serving 60 days sentences for
bootlegging took to the brush and
got away. The dogs were put on
their trail. One was caught but the
other has not been captured.

A. K. Thornton in Trouble.

Col A. K. Thornton was up at the
city hall this morning in trouble
but was good humored of course. It
appears that the steam ditcher out
in two his water pipe leading to
his gun thereby effecting the con-
tinuance of the substantial improve-
ments now being installed.

Mr Thornton is putting in a new
engine and building concrete foun-
dation for his presses and other ma-
chinery.

False Report.

Purcell Okla June 17—Dorset
Carter president of the Oklahoma
Central railway company said to-
night that there is no truth in the
report sent out from New York to-
day that his company is associated
with the Seaboard Norfolk & West-
ern the Atlantic & Birmingham and
the Detroit & Toledo Railway com-
panies in a scheme to terminate the re-
ceiverships of these roads.

\$4.00 SLIPPERS \$1.95
Having on hand a line of highly advertised and well known slippers ranging in price from \$4.00 down to \$2.50 and by contract agreeing not to advertise the name of slippers at cut prices we ask every lady in Ada and surrounding country to come to our store and see these slippers, every pair goes at same uniform price of \$1.95 per pair. All styles and colors, Tan Pumps, Black Pumps with ankle strap, patent leather and tans in buttons in fact as good an assortment as you will find any place. You can easily afford to buy two pairs at this price at **SURPRISE STORE, The People Who Put the Price Down.**

Our trimmer, Miss Adams, will be with us this season. We still have a beautiful line of the latest styles in shapes and trimmings which we will not carry over, and will cut the prices so that any one will be able to buy a fine hat for a little of nothing. We have one lot \$2.00 and \$1.50 hats your choice 98c each. Miss Adams will be glad to give you good bargains in hats before she leaves Ada. Come to see her at the Grand leader. 4t

DOWN HILL SQUAWK.

Never, but it is true that the News Deserves at Your Hands a More Liberal Patronage.

The News has never given the "down hill" squawk, but the time has arrived when the business citizens can advantageously extend their daily paper better patronage.

The Daily News has stayed with you six years and paid you promptly for all purchases. Help the News to boost the city by affording it more of your business.

The Crystal Ice Co.

The public's attention is called to the advertisement of the Crystal Ice Co. This company requests the statement made that they are in business because it thought the demand sufficient; that it was prepared to deliver ice with reasonable dispatch and moderate prices.

They are located in the old stand of the former Crystal Ice Co. on Townsend near the Frisco tracks. A fair share of the patronage of the public is solicited by these ice dealers.

Covers the City.

The Evening News covers the city thoroughly. Ask the News boy on your route how many paying subscribers he has and he will tell you for his instructions are to be respectful and admonition is to always be truthful.

The News advertising rates are very reasonable. Phone for the solicitor.

Conn, Lucas, Rhoad.
Tram Conn, Henry Lucas and John Rhoad are three good ones busy preparing for the big barbecue and picnic ready for July 5th. With such men pushing the barbecue undertaking, there couldn't be failure.

Do Business.
If you would buy or sell any thing phone the News. One insertion, per word, 1c; additional insertions, per word, 1-2c.

J. H. McMeans, residing three miles southeast of Conway was a very satisfactory visitor at the News office today. He reports crop prospects excellent in his section.

Mr. and Mrs. C. Gunter who have been visiting their friend, Mr. John Gardner and transacting business in Ada returned to their home in Ardmore this morning.

YOUNG BOYS IN CAMP.
News "Devil" and Others Off for Boggy Where There Bids Fun and Adventure.

Hugh Taylor, the News Devil, is off for two days, the guests of the two enthusiastic nimrods, Masters Miller and Bruce Ligon, fishing and hunting, on Boggy Master Albert Croxton is one of the party. The Ligon boys are already veterans of the camp and likely before their return Saturday night, as before Sunday as possible—there will have been reenacted many of the marvelous exploits of Tom Sawyer and Huckleberry Finn, and even the tragedies within the life of old Hawk Eye of the Leatherstocking tales may be restaged on the wild banks of boggy by those intrepid youthfults

TOM HOPE'S HAND CALLED.
The Smart German Who Will Build Ada Machine Shops Arrests Banker's Facile Pen.

Mr. J. Eisner of whom mention was made yesterday as having completed arrangements to construct in Ada a modern foundry and machine shop has been discovered by local celebrities as being a man of considerable parts. His credentials are good and his proposition promises much for Ada. Mr. Eisner is a gentleman of distinctly German mannerisms. It is related that yesterday when Tom Hope was drawing up the contract relative to the basis on which Mr. Eisner should make his Ada investment, that suddenly Hope's facile pen was arrested by the big German, who ejaculated without reference to brogue: "That must not go in there; I have as much sense as you have." Mr. Hope's friends sitting around could not pass it up, and howled with delight that his hand had been called.

Mr. Eisner will construct several cottages in Ada as an inducement to secure the residence of his skilled laborers.

Wedding in High Life.
Thumb and June united in "iron bonds of padlock" at Alrdome Friday night, 15c, 25c and 35c. Check your seats at Ramsey's.

OUR GUTHRIE CORRESPONDENT

Guthrie, June 16.—Congressman Charles D. Carter, of Ardmore, says that the persecution of Governor Haskell is condemned in Washington not only by the democrats, but by most of the republicans. Mr. Carter quotes Congressman Norris, republican member from Nebraska, a great admirer of Governor Haskell as saying: "I have watched the governor's career from the beginning of the constitutional convention. I agree with much of work. I was completely carried away with his speech in the democratic national convention arraigning the McGuffey Standard Oil crowd and firing them out of the convention. It was bold and manly and fearless, but the result is just as I feared then. They are all powerful and never quit pursuing those whom, like Governor Haskell, fearlessly oppose them. Time will demonstrate that it is their power and influence that has pursued and annoyed Haskell ever since. Their shrewd methods may cover their hand so that even the president may not know it, but sure as you live they are responsible for the fight on Haskell, who is one of the few public men who has courage to openly fight them, and, republican though I am, I hope Haskell will win."

State Bank Commissioner, A. M. Young, while a firm believer in the state guaranty law evidently proposes to protect the guaranty as he hopes that the guaranty will protect the banks.

Every irregularity in every bank in the state is carefully noted by him and able corps of expert examiners, and state bankers are compelled to bow to the line of the law. In the case of the Citizens State Bank at Mountain Park, it was found that Mr. Jones, the cashier, has used \$8,500 of the bank's funds, giving his note for the same. This is a violation of the banking law and Mr. Jones was notified to replace immediately every dollar he had borrowed, and to resign. Both of these orders have been obeyed and the bank is in a splendid condition. Mr. W. E. Gordon, one of the examiners found that W. E. Kittel, president of the Bank of Morris, has used forged and bogus notes to the amount of \$7,300. Upon his report, the president

of the bank was promptly arrested and is now in jail at Muskogee.

Mr. Young evidently believes that a stitch in time saves nine, and it is not at all likely that the guaranty fund of the state will ever be drawn upon so long as such stringent supervision is employed.

TEARS TOUCH THE GOVERNOR.

Fred Michler, Sentenced for Theft, is Returned to His Parents.

Guthrie, Okla., June 16.—During one of the busiest moments of the afternoon yesterday a middle-aged farmer and his wife, both evidently of no great worldly goods, left the office of the state pardon board with a recommendation for the parole of their son, Fred Michler, aged 23, who was serving a three-year sentence on the charge of stealing a horse. Both were crying, probably with joy. Being unfamiliar with the state house they stumbled into the governor's office instead of out the entrance. They had been informed that it probably would be days before the governor could act on their son's recommended parole and that he would have to sift the matter thoroughly. By accident or good luck the governor passed hurriedly from his office to the telephone as they entered. He noticed their tears, stopped and asked them why.

A score of men were waiting to see Governor Haskell, on every business from applying for a judgeship to assessing a 100 million dollars worth of railroads. He called Mr. and Mrs. Michler into his office, sent for the papers in the case, heard their plea. The man was too much overcome to talk well. His wife spoke up. She wanted her boy out now so that he would not be too hardened. "It will make him give up hope to have to stay there two years longer," she said. "He is just a boy. He shouldn't be among those hardened convicts. The quicker he gets out the quicker we can help him to become a good man."

They got their parole. It all happened in about ten minutes. Then the applicants for judgeships and the railroad attorneys closed around again.

When you want what you want, when you want it, try a want ad in the News.

JOHN RINARD TALKS.

Wants Bond Issue for Roads and Bridges.

The county commissioners of Pontotoc county are busy promoting a sentiment throughout the county favorable to the issuing of bonds sufficient to relieve the necessity of an extra heavy tax levy for the liquidation of around \$15,000 worth of outstanding indebtedness which will have accrued by the end of the fiscal year June 30th and for the payment of the interest on the \$35,000 borrowed from the state.

County Commissioner John Rinard, states that while it is true Pontotoc county does not owe the state as much as many other counties nor has it so large an outstanding indebtedness which must be met, still the burden would be great if the outstanding indebtedness of around \$15,000 and the accrued interest on the \$35,000 borrowed from the state should have to be paid out of the levy made for this year's current expenses.

Mr. Rinard was very positive that a bond issue at a low rate of interest would be best, "for," said he, "would it not be better to pay this indebtedness from year to year as the county will be growing wealthier and more able to bear the burden of taxation than to pay all now?"

Mr. Rinard spoke very interestingly on the necessity of the county building without delay the very best roads and bridges. His scheme appears one that would meet the unanimous favor of the citizens of the county.

Since the News' conversation with Mr. Rinard was just before going to press, not having time to elaborate on his views, the News man secured promise from this county commissioner that he would give his views as one citizen of the county through this paper next week. He stated that he desired the question of internal improvements discussed throughout the county. He suggested that one good occasion would be on July 5th at the Big Ada barbecue.

Slippers, Slippers, Slippers.

Certain brand, worth up to \$4.00 going at \$1.95 per pair. Surprise Store, the People Who Put the Price Down.

GOOD BY BOOZE.

Express Companies Issue Orders to Make No Deliveries to Any One But Agencies

"No Body Knows How Dry I Am." Sing it, everybody.

No more booze, no more beer, no more nothing that contains any of the stuff called "alcohol" can be delivered in this city.

The local agent of the American Express company received an order yesterday from the main offices not to deliver any kind of liquor to any one, except the state dispensary. He was also instructed to return to the consigners what shipments he now has on hand, which total six cases of booze.

Similar instructions are expected by the railroad agents and other express agents.

This action follows the suit brought by Attorney General West, now in the supreme court, to ascertain where the contract of a common carrier terminates at the station or at the place of residence or business of the consignee.

Heretofore, private parties have enjoyed the liberty of ordering beer or booze for their homes. Now they have the choice of going without or looking up a neighbor who may have had the foresight to replenish his larder previous to the recent orders.—Shawnee Herald.

Acknowledges the Corn.

Guthrie, June 16.—Ex-President Roosevelt's Secretary of the Interior, Mr. Garfield, on June 11th, in a speech in the city of Detroit is quoted by the Associated Press as saying:

"The grand jury will decide between Governor Haskell and ex-President Roosevelt."

The public has believed all along that it was the resentment of Mr. Roosevelt back of the town lot suits, but this is the first occasion when a member of the Roosevelt family frankly admits that to be true.

It is a deplorable thing, however, when we must realize that the grand juries may be organized and used to vent personal spite. There is nothing more destructive of free government than to have the courts influenced by motives of selfishness, jealousy and vindictiveness.

THREE DEAD, THREE MISSING

Fearful Explosion in Denver Power Plant Injures Ten Others.

Denver, June 15.—Three persons are known to be dead, one probably fatally injured, nine severely injured and three missing as the result of the explosion of a 200-ton boiler in the power plant of the Denver Gas & Electric company at Sixth and Lawrence street at 6:30 o'clock tonight.

So terrific was the force of the explosion that the heavy boiler was thrown 800 feet in the air. It crashed through the roof of the plant and completely wrecked the roof and walls.

The electric lights were cut and for more than two hours the men were in darkness. The explosion was heard for miles and buildings in the immediate vicinity were rocked on their foundations.

Nine men are in the hospitals suffering from injuries. The property damage is estimated between \$250,000 and \$500,000.

Mayor Is Sustained.

McAlester, Okla., June 16.—At the spring election the democrats here elected the mayor and the republicans a majority of the council. An old ordinance permitted the council to appoint the police and they named a full force, but the mayor, claiming the Oklahoma laws extended over the eastern portion of the state, named another police force.

Both have been acting and there has been much contention. An agreed case was submitted to Judge Phil D. Brewer and in an opinion today he sustained the mayor and the republican police were withdrawn, it having been agreed that neither party would appeal.

Officials Clash.

Guthrie, Okla., June 16.—A conference between the normal regents and the state board of affairs today resulted in a deadlock. The regents say they will adopt plans for the new buildings and point to supervise the construction.

The board of affairs say that the regents may select plans, which they must submit to the board of affairs, which reserves the right to reject them and have others drawn up by the state engineer if they see fit.

STORM IN POTTAWATOMIE.

The Principle Storm on Either Side of Shawnee, but Lots of Damage in the City.

Shawnee, June 15.—At 7:30 o'clock last night Shawnee was visited by the worst hail and wind storm of the season, lasting three-quarters of an hour. Numerous windows were broken in the residence and business section of the city. The damage in the country was difficult to ascertain, because of the fact that the phones west and southwest were out of order. North and east of the city severe hail storms were reported. Just what damage, if any, will result to the crops is not known, but oats will probably suffer to some extent.

The storm is attributed to the eclipse of the sun which had been on since Wednesday evening. A storm seemed to travel on either side of the city.

At the Mammoth two large twelve-foot plate glass windows on the Main street side and two six-foot plate windows on the Bell street side were demolished, together with a large quantity of white goods that were on display. The damage is estimated at \$1,000.

The first gush of wind appeared to travel east on Main and suddenly veered at the Mammoth corner taking a westward course. At this corner a portable peanut car was thrown on its side, and its owner, H. Hogg, who was attempting to escape, was held a prisoner until released after the storm. His wagon suffered several broken windows and damaged wheels.

Further down at East Main the Majestic Aldome had its picture stand house blown in the street. At this place part of the brick wall was blown out. There was no one aside from a few performers present at the time.

There was considerable other damage of equal violence in numerous other points throughout the city.

Singing School.

Come join the singing school at Ashbury Methodist church. It meets every Friday night at 8 o'clock. Prof. A. L. Fentem has consented to do the work. All who know him give him the name of a good instructor. In fact his position as instructor of vocal music in the County Institute evidences that fact. Come and be with us. C. C. Barnhardt, P. C.
